

Document current as of October 23, 2023. While the information in the chart below was current as of the time of update, these requirements are always changing. It is important that you frequently check the entry/exit requirements for your destination(s), including up until the time of your departure, to ensure you are aware of any changes that may be applicable to your travel plans.

Note that there are some tours (indicated below) for which Collette continues to require full vaccination as a condition of participation, regardless of date of travel.

Links in the chart to forms and websites are underlined.

Asia, Africa, and the Middle East: If you do not see your tour listed below, there are no current travel requirements.
